

Tutor for WiSe 17/18: Scalable Data Management

TECHNISCHE
UNIVERSITÄT
DARMSTADT

Position

We are looking for a motivated Teaching Assistants (HiWi) to support us in the Scalable Data Management course this fall.

Scalable Data Management has been the key enabler of the current Big Data movement. The main goal of the course is to teach students the internals of these systems.

Tasks

- Office hours for students and forum support
- Code reviews and feedback
- Assignment grading

Requirements

- Good coding skills in C++ and Java
- Background in database internals (indexes, query optimization, ...)
- Language: German and English

If you are interested please send an E-Mail to Muhammad El-Hindi.
